FLASHBACKS

continued from page 64

Harber had high hopes for the 2-year-old, and two weeks prior to the October 23 National Championship Futurity, he paid a penalty of triple entry fees to enter Million Heir in the year's top futurity. Harber's gamble paid off, though, when the colt won the 350-yard race in 18.52 and earned a speed index of 81, the fastest of his career.

A November 1971 *Paint Horse Journal* story about the second annual National Futurity tells how the eight-horse race was almost a rematch of the Oklahoma and Texas futurities, with Million Heir and Hopi Taxi battling for the winner's circle.

"In the National trials on October 16, Hopi Tax, owned, trained and ridden by Charles Murrah, won by a head over Million Heir in the first heat. But in the finals the following week, Million Heir was much the best, winning by over two lengths going away."

Then trained by Tom Hayden and ridden by Dale Litsey, Million Heir drew the eighth position but broke on top, moving to the rail and never headed.

Million Heir continued to race in his 3-year-old year but never matched the glory of 1971, claiming only one win in 1972. Out of 13 starts, Million Heir had four wins, three seconds and three thirds for 20 points and earnings of \$5,564.38. Once retired from the track, Harper moved Million Heir to the show pen where the stallion earned 16 points and an APHA Champion title in 1974.

Harper stood the stallion for eight years before selling him to Brenda Herrin of Erie, Kansas, in December 1979. She later sold the stallion to Beeson Cattle Co. in Parsons, Kansas, in February 1981. Million Heir died in August that same year, having sired 82 get including 21 who made it to the racetrack and 26 who earned points in the show pen. **PHR**
